Directors' Report

The Board of Directors of your Company takes pleasure in presenting the un-audited condensed interim financial statements of the Company for the quarter ended September 30, 2014.

During the period under review the gross sales is Rs. 28.937 million, gross loss is Rs. 38.425 million and the after tax loss is Rs. 33.692 million.

The sale of local Car/LCV sector for the quarter ended September 30, 2014 has shown a decline of 3% as compared to the corresponding period of last year. The recent depreciation of Pak Rupee vs. US\$ has again put pressure on the cost. Further the enhancement in advance tax rate for non filers may adversely affect the industry volumes. The much delayed new AIDP is expected to be announced soon which will have a long term bearing on the industry. We expect that the new policy will support the industry to enhance the volumes and to contribute in the growth of economy. We expect that the Government will maintain its current policy regarding age restriction on import of used cars. The Company is going through tough conditions and making best endeavors to survive. A number of recovery suits have been instituted by Banks/Financial Institutions alleging default of company which are being successfully defended by our counsels. The proposal of re-profiling of the Company's debts is expected to be completed very soon. After the restructuring of debt the Company's operation will be normalized.

In conclusion, we bow, beg and pray to Almighty Allah, Rahman-o-Rahim, in the name of our beloved Prophet, Muhammad (peace be upon him), for the continued showering of his blessings, guidance, strength, health and prosperity to us, our Company, our Country and the Nation, and also pray to Almighty Allah to bestow peace, harmony, brotherhood and unity in true Islamic spirit to the whole Muslim Ummah, Ameen, Summa-Ameen.

LO-MY LORD IS INDEED HEARER OF PRAYER (AL-QURAN)

Furthermore, cumulatively the company has not provided markup on its borrowings from banks and financial institutions amounting to Rs.3.526 billion. The working capital constraints resulted in closure of production activities leading to gross loss situation. The Company has suspended its production from November 2010 till August 2013 and against closed the Production since March 2014. Further, the company has been unable to ensure timely repayments of debts owing to financial institutions due to liquidity Problems and the short term facilities have not been renewed by banks/financial institutions. The restructuring proposal submitted by the company to lenders is in the process of negotiation and is expected to be approved in near future. These conditions indicates the existance of material uncertainty, which may cast significant doubt about company ability to continue as going concern.

These Condensed interim financial statements have been prepared on going concern assumption because the above conditions are temporary and would reverse. The management is confident that the outcome will be positive as the company is negotiating reprofiling of the debt with all the lenders and is expected to be finalized in due course. Accordingly, the company has approached its lenders for the restructuring of its entire debt in the following manner:

- a) All the debt obligations of the company be converted into interest bearing long term loan in proportion to their respective current exposures;
- b) Principle to be repaid in 10 years inclusive of 1 year grace period.
- c) Mark-up payable as on December 31, 2008 to be frozen and paid quarterly over a period of three years commencing after 3 months from the restructuring date.

DEWAN FAROOQUE MOTORS LIMITED
