#### **DIRECTORS' REPORT**

#### IN THE NAME OF ALLAH; THE MOST GRACIOUS AND THE MERCIFUL

IF YE GIVE THANKS, I WILL GIVE YOU MORE (HOLY QURAN)

The Board of Directors of your Company is pleased to present unaudited condensed interim financial statements for the half year ended December 31, 2023 in compliance with the requirements of section 237 of the Companies Act, 2017 and code of corporate governance issued by Securities and Exchange Commission of Pakistan (SECP).

#### **Economic Overview**

In the first half of FY2024, macroeconomic conditions have gradually improved, leading to a revival in overall economic activities compared to the challenging FY2023. Business confidence and the investment climate are gradually improving, as reflected in the exceptional performance of the Pakistan Stock Exchange (PSX) and a steep surge in FDI. The continual rise in these indicators is a testament to the strengthening health of the economy and suggests a positive economic outlook for the latter half of FY2024.

#### **Industry Review**

During the period under review, the country's textile exports have experienced a 4.97% decline and remained at \$8.283 billion compared to \$8.716 billion of the same period last year. For FY24, the government has set a textile exports target of \$25 billion which is relatively a difficult target for textiles with high energy prices.

Cotton, once acknowledged as the lifeline of Pakistan's farmers and a source of raw material to more than 400 spinning units. Cotton is the basic raw material for the Pakistan textile industry that accounts for almost 70% of cost of production in the textile industry and any fluctuation in price or quantity have significant impacts. Although, during current season, an increase of 71% has been witnessed with production of 8.378 million cotton bales as compared to 4.910 million bales of last season. Being the cotton of average quality with short fibre length (10-25 mm length), industry has to rely on imported long staple cotton for producing high-end products required for exports. Moreover, textile sector is facing many other internal and external challenges including energy availability at affordable tariff, credit availability on economical rates, lack of institutional support, unprecedented inflation, continued political instability and overburdening of taxes and levies resulting in the non-competitiveness of the textile products in the international market. Further, current unprecedented hike in Energy Tariff by Interim Government has resultantly increased the overall cost of doing business. Consequently, many units of textile industry observed reduction in production levels or intermittently shut down of their plants.

#### Operating results and performance

Company's net revenue for half year remained to Rs. 160.544 million as compared to net revenue of Rs. 331.241 million of the corresponding period of last year. Company has suffered gross loss of Rs. 168.814 million as compared to the gross loss of Rs. 101.745 million of comparable period, whereas operating expenses of the company have decreased by Rs.4.971 million. Further, due to working capital constraints, the company continued the production of yarn on contract basis to keep the company operational.

The auditors of the Company have qualified their review report on default in repayment of instalments of restructured liabilities and related non-provisioning of mark-up. They have also added matter of emphasis paragraph in their report regarding doubt about company's ability to continue as going concern.

The company has approached its lenders for further restructuring of its liabilities, which is in process. Management is hopeful that such revision will be finalized soon. The management is confident that upon finalization of revised restructuring, non-provided mark-up amount will remain eligible for waiver, hence no provision of the same has been made in these financial statements.

These condensed interim financial statements have been prepared using going concern assumption as the conditions referred in note 2 are temporary and would reverse in foreseeable future. Further, sponsors also provide the support as and when required to meet the working capital requirements of the company and accordingly, the preparation of these financial statements using going concern assumption is justified.

#### **Future Outlook**

The country's economic stability would largely depend on political firmness, proactive & prudent monetary policy, a sound & rationalized policy of the government for taxes, constant supply of utilities at affordable tariff and availability of cost-effective borrowing facilities. Further, to achieve export targets, it is very crucial to raise awareness on the importance of cotton initiatives for the revival of quality cotton crop in the country. Modern and mechanized cotton farming, the establishment of fiber testing laboratories, as well as seed testing & biotechnology labs of international standards will determine the future productivity of the textile sector and resulting in the economic growth of Pakistan.

#### Conclusion

With grace of Allah Almighty, the management of the company will put its best endeavors to bring better results in forthcoming half year. In conclusion, we bow beg and pray to Almighty Allah, Rahman-o-Rahim, in the name of our beloved Prophet Muhammad (Peace be upon him) for the continued showering of his blessings, Guidance, strength, health and prosperity to us, our company, country and nation, and also pray to Almighty Allah to bestow peace, Harmony, brotherhood and unity in true Islamic spirit to whole of Muslim Ummah; Ameen: Summa Ameen

LO-MY LORD IS INDEED HEARER OF PRAYER (HOLY QURAN)

By and under Authority of the Board of Directors

Syed Maqbool Ali
Chief Executive Officer & Director

REVIEW REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS
INDEPENDENT AUDITORS' REVIEW REPORT
TO THE MEMBERS OF DEWAN FAROOQUE SPINNING MILLS LIMITED

#### Introduction

We have reviewed the accompanying Condensed Interim Statement of Financial Position of Dewan Farooque Spinning Mills Limited ("the company") as at December 31, 2023 and the related Condensed interim statement of profit or loss, Condensed interim statement of comprehensive income, Condensed interim statement of cash flow, Condensed interim statement of changes in equity and the notes to the Condensed interim financial statement for the six months period then ended (hereinafter referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

#### **Scope of Review**

We conducted our review in accordance with the International Standard on review engagements 2410, "Review of interim financial Information performed by the independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis of Qualified Opinion**

- a) The company defaulted in repayment of installments of restructured liabilities of Financial institutions, hence as per clause 10.2 of the Compromise Agreement of the company, the entire outstanding restructured liabilities of Rs.398.067 (June 30, 2023: Rs.398.067) million along with markup of Rs. 210.713 (Jue 30, 2023:Rs.210.713) million (eligible for waiver outstanding as of date of restructuring) become immediately payable, therefore provision for markup should be made in these financial statements. The Company has defaulted in restructured liabilities as per compromise agreement, the lenders filed suits for execution of consent decrees thereof, and the Balance Confirmations from Financial Institutions have not been received. Further, the short term finance facilities have expired and not been renewed by banks amounting to Rs. 267.10 (June 30, 2022: Rs. 267.10) million. The company is facing litigations from its lenders; the aggregate suit amount is Rs. 37.405 (June 30, 2023: Rs. 37.405) million, the company has also not provided markup on the same amount and the execution has been filed by the lenders of the Company.
- b) Had the provisions for the mark upbeen made, as discussed in preceding paragraph (a), and along with markup not booked in these financial statements as per note 9 to the financial Statements, the loss after taxation would have been higher by Rs. 395.173 (June 30, 2023: Rs 345.086) million and markup payable would have been higher and shareholders' equity would have been lower by Rs. Rs. 395.173 (June 30, 2023: Rs 345.086).

#### **Qualified Conclusion**

Based on our review, except for the matter discussed in the preceding paragraph (a) and (b) and its effects, nothing has come to our attention that causes us to believe that these accompanying interim financial statements as of and for the six months period ended December 31, 2023 are not prepared, in all material respects, in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial Reporting.

#### Material Uncertainty Relating to Going Concern

Without further qualifying our opinion, we draw attention of the members to note 2 to the interim financial Statements which indicates that as of December 31, 2023 the company incurred a loss after taxation of Rs. 139.537 (December 31, 2022 Rs. 153.559) million and as of that date it has accumulated losses amounting to Rs. 1.788 (June 30, 2023 Rs. 1.679) billion and its current liabilities exceeded its current assets by Rs. 1.351 (June 30, 2023: Rs. 1.268) billion without providing mark up of Restructured and other liabilities and as refer in above para (a) and (b). Furthermore, the company defaulted in repayments of instalments of restructured liabilities and short term finance facilities which has been expired and not renewed by banks amounting to Rs. 192.10 million as discussed in Para (a) above. The Company is in litigation with its lenders and the lenders filed suits for execution of consent decrees. Following Course, the company has started manufacturing of yarn on Contract basis due to working Capital constraints note 1 in the financial statements. These conditions, along with other matters as set forth in note 2 indicate the existence of material uncertainty which may cast significant doubt about Company's ability to Continue as going concern therefore the company may be unable to realize its assets and discharge its liabilities in normal Course of Business. The amounts of the current liabilities and Loss reported in said note do not include the effect of matters discussed in Basis for Qualified opinion. Our opinion is not modified in respect of this matter.

#### Other matter

The figures of the condensed interim statement of profit or loss and condensed interim statement of other comprehensive income and the notes forming part thereof for the quarters ended December 31, 2023 and December 31, 2022 have not been reviewed and we do not express a conclusion on them, we are required to review only the cumulative figures for the Six month ended December 31, 2023.

The engagement partner on the review resulting in this independent auditor's review report is Mohammad Ghalib.

The annexed notes form an integral part of these condensed interim financial statements.

Syed Maqbool Ali Chief Executive Officer & Director Muhammad Irfan Ali Chief Financial Officer

#### 1 THE COMPANY AND ITS OPERATIONS

Dewan Farooque Spinning Mills Limited is incorporated in Pakistan on December 22, 2003 as public limited company, under the Companies Ordinance, 1984. The shares of the company are listed on the Pakistan Stock Exchange Limited. The registered office of the company is located at Dewan Centre, 3-A, Lalazar Beach Hotel, Road, Karachi, Pakistan; while its manufacturing facilities are located at 54 km Multan Road, near the Phool Nagar By-pass, District Kasur, near the city of Lahore in Pakistan. The principal activity of the company is manufacturing and sale of fine quality yarn. Company also manufactures yarn on contract basis. The company has installed capacity of 28,800 spindles.

#### 2 GOING CONCERN ASSUMPTION

The condensed interim financial statements for the half year ended December 31, 2023 reflect that company sustained net loss after taxation of Rs. 139.537 million (2023: Rs. 286.601 million) and as of that date it has negative reserves of Rs. 1,787.726 million and its current liabilities exceeded its current assets by Rs. 1,351.021 million (2023: 1,268.400 million). Furthermore, the short term facilities of the company have expired and not been renewed by banks and it had defaulted in repayment of restructured liabilities. Following course, the company is facing litigations with its lenders. These conditions indicate the existence of material uncertainty, which may cast significant doubt about Company's ability to continue as going concern.

These condensed interim financial statements have been prepared using going concern assumption as these conditions are temporary and would reverse in foreseeable future. The company's operating cash flows are positive and sponsors provide support as and when required to meet working capital requirements. Therefore the preparation of these condensed interim financial statements using going concern assumption is justified.

#### 3 BASIS OF PREPARATION

- 3.1 These condensed interim financial statements of the Company for the half year ended 31 December 2023 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of International Accounting Standard (IAS) 34, "Interim Financial Reporting", issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017. Where provisions of and directives issued under the Companies Act, 2017 have been followed.
- 3.2 These condensed interim financial statements do not include all the information and disclosures required in the annual audited financial statements, and should be read in conjunction with the Company's annual audited financial statements for the year ended 30 June 2023.

#### 4 SIGNIFICANT ACCOUNTING POLICIES AND ESTIMATES

**4.1** The accounting policies and methods of computation adopted and applied in the preparation of these condensed interim financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 30 June 2023.

#### 4.2" Application of new and revised International Financial Reporting Standards

#### 4.2.1" Standards, amendments to standards and interpretations becoming effective during the period

There are certain new standards, amendments to existing standards and new interpretations on approved accounting standards that became effective during the period and are mandatory for accounting periods of the Company beginning on or after July 01, 2023 but are considered not to be relevant or not to have any material effect on the Company's operations and are, therefore, not disclosed in these condensed interim financial statements.

#### 4.2.2 Standards, amendments to standards and interpretations becoming effective in future periods

There are certain new standards, amendments to standards and interpretations that will became effective in future accounting periods but are considered not to be relevant or not to have any material effect on the Company's operations and are, therefore, not disclosed in these condensed interim financial statements.

#### 5 ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

- **5.1** The preparation of these condensed interim financial information in conformity with approved accounting standards requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events, revision to accounting estimates are recognized prospectively commencing from the period of revision.
- **5.2** Judgements and estimates made by management in the preparation of these condensed interim financial informations are the same as those that were applied to the financial statements as at and for the year ended June 30, 2023.
- **5.3** The Company's financial risk management objectives and policies are consistent with those objectives and policies which were disclosed in the financial statements of the Company for the year ended June 30, 2023.

#### 9 FINANCE COST

The Company has not made the provision of markup for the period amounting to Rs.50.087 million (up to June 30, 2023: Rs.134.373 million) in respect of bank borrowings. The management has approached its lenders for restructuring of its debts and is confident that the Company's restructuring proposals without markup will be accepted by the financial institutions / banks. Had the provision been made the loss for the period would have been higher by Rs.50.087 million and accrued markup would have been higher and shareholders' equity would have been lower by Rs.184.460 million.
