DIRECTORS' REPORT TO THE SHAREHOLDERS

IN THE NAME OF ALLAH; THE MOST GRACIOUS AND MERCIFUL
IF YE GIVE THANKS, I WILL GIVE YOU MORE (HOLY QURAN)

Dear Shareholder(s),
Assalam-o-Alykum!

The Board of Directors, other members of the management of your Company are pleased to present the Annual Audited Financial Statements of the Company for the year ended June 30, 2014 together with the Auditors' Report thereon.

Overview

The textile spinning industry faced many challenges during the year under review. Textile spinning industry has been facing distressed and unfortunate set of circumstances which hampered the smooth operations of several units. The market has been undergoing through its bad time both domestically and internationally. Extensive load shedding and limited gas supply have adversely affected the production capacities of the industry. Moreover sluggish economic growth, deteriorating law & order situation coupled with increased cost of gas and electricity have made yarn prices uncompetitive in the market. In effect, many units in the sector are facing financial difficulties but have managed to remain in production to keep them afloat.

Operating results and performance:

The operating results for the year under review are as follows:

	"Rupees"
SALES (NET)	1,636,369,861
COST OF SALES	(1,554,485,872)
GROSS PROFIT	81,883,989
OPERATING EXPENSES	(61,581,255)
OPERATING PROFIT	20,302,7334
OTHER CHARGES	(53,520,656)
LOSS BEFORE TAXATION	(33,217,922)
TAXATION	(20,747,790)
LOSS AFTER TAXATION	(53,965,712)

During the year, Company has achieved net sale of Rs.1.636 billion as compared to Rs.1.314 billion of last year. Company has earned gross profit of Rs. 81.884 million as compared to the gross profit of Rs. 120.382 million of previous year, whereas operating expenses of the company have increased by Rs. 3.326 million.

DEWAN FAROOQUE SPINNING MILLS LIMITED

Your Company continued to be in the grip of challenges; power outages and in gas load shedding resulted into non utilization of optimum capacity that has hindered the Company's plan to achieve the desired production targets which have further affected our sales turnover .The Company had to operate in the depressed textile market when cost continued to go up due to increased cost of production.

In 2011-12, Company had settled with its lenders through Compromise Agreement against which consent decrees had been granted by the Honorable High Court of Sindh, Karachi. Company's short term and long term loans had been rescheduled in the form of long term loans, however certain lenders having suits of Rs.69.60 million, did not accept the restructuring proposal at that time.

Future Outlook

The key challenges facing Pakistan's economy regarding long standing financial issues have continued to suppress economic activity and growth of the country. The macroeconomic outlook is largely dependent on government's ability to control fiscal deficit while addressing energy shortage to revitalize large scale manufacturing industry. At present energy crisis and load shedding are affecting the economy badly; however, some initiatives which are being taken by the government will hopefully improve the situation in near future. Business environment needs political stability along with improvement in law and order situation in the country.

In a backdrop of recent floods, a decline in cotton production has been forecast which might result in higher cotton prices in future. Since the input costs of man-made fiber as compared to cotton cost is relatively cheaper for the last few years, therefore the usage of man-made fiber might be increased in the times to come due to its cost effectiveness and availability, but in it is effect the demand supply phenomenon that may put pressure on the prices of raw material in future

Corporate Social Responsibilities

We are also committed to corporate social responsibility (CSR) and integrating sound social practices in our day to day business activities.CSR is an important part of who we are and how we operate. We measure our success not only in terms of financial criteria but also in building customer satisfaction and supporting the communities we serve. Company has donated a sum of Rs. 3.901 million for social and charitable cause.

Health, Safety and Environment

The management of the company is aware of its responsibility to provide a safe and healthy working environment to our associates and give it the highest priority. Our safety culture is founded on the premise that all injuries are preventable if due care is taken. Continual efforts for provision of safe, healthy and comfortable working conditions for the employees are made. We follow up and investigate on all incidents and injuries to address their root causes. We believe that safety and health is a journey of continuous improvement and eternal diligence. We will continue to take steps to improve the safety and health of all of our associates.

Human Resource

The management of the Company is committed to excellence and has a clear vision that human resources and strong leadership practices are important enablers of high productivity and sustainable competitive advantage of our Company. Therefore, management of the Company gives much importance to the optimal use of human resources by way of training proper guidance, motivation and incentive schemes for the employees.

AUDITORS' REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of **Dewan Farooque Spinning Mills Limited** ('the Company') for the year ended June 30, 2014 to comply with the requirements of Listing Regulations No. 35 of the Karachi Stock Exchange where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were under taken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2014.

3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTION

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

In the process of applying the Company's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

3.1 Property, plant and equipment

Estimates with respect to residual values and depreciable lives and pattern of flow of economic benefits are based on the recommendation of technical team of the Company. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of tangible property, plant and equipment with a corresponding affect on the depreciation charge and impairment.

3.2 Taxation

In making the estimates for income taxes payable by the Company, the management considers applicable tax laws and the decisions of appellate authorities on certain cases issued in past. Deferred tax assets are recognized for all unused tax losses and credits to the extent that it is probable that taxable profit will be available against which such losses and credits can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

3.3 Stock-in-Trade

The Company reviews the Net Realizable Value (NRV) of stock-in-trade to assess any diminution in the respective carrying values.

3.4 Provision for doubtful receivables

A provision for impairment of trade and other receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. These estimates and underlying assumptions are reviewed on an ongoing basis.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as described below:

4.1 New and amended standards and interpretations

The Company has adopted the following amendments to IFRSs which became effective during the year:

IAS 19 – Employee Benefits –(Revised)

IFRS 7 – Financial Instruments : Disclosures – (Amendments)

-Amendments enhancing disclosures about offsetting of financial assets and financial liabilities

Improvements to Accounting Standards

IAS 1 – Presentation of Financial Statements - Clarification of the requirements for comparative information

IAS 16 –Property, Plant and Equipment – Clarification of Servicing Equipment

IAS 32 – Financial Instruments: Presentation – Tax Effects of Distribution to Holders of Equity Instruments

IAS 34 – Interim Financial Reporting – Interim Financial Reporting and Segment Information for Total Assets and Liabilities

The adoption of the above standards, amendments, interpretations and improvements did not have any material effect on the financial statements except disclosed in notes to the financial statements.

4.2 Basis of Preparation and measurement

These financial statements are presented in Pakistani Rupees, rounded off to the nearest Rupee. The financial statements have primarily been prepared on the historical cost basis except certain Fixed Assets which are stated their revalued amounts, unless an accountings policy herein states otherwise. The financial statements, except for the cash flow statement, have been prepared under the accrual basis of accounting.

4.3 Property, plant and equipment

Owned

Operating assets except Freehold land are stated at cost or revalued amount less accumulated depreciation . Freeholdhold land and capital work-in-progress are stated at cost.

Any surplus arising on revaluation of property plant and equipment is credited to the surplus on revaluation account. Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of incremental depreciation (net of tax) charged on the revalued assets, the related surplus on revaluation of property, plant and equipment is transferred to unappropriated profit through statement of comprehensive income.

Leased

The company accounts for property, plant and equipment acquired under finance leases by recording the assets and the related liability. These amounts are determined as the fair values or discounted value of minimum lease payments; whichever is the lower, as at inception, less accumulated depreciation and impairment losses when chargeable. Financial charges are allocated to the accounting period in a manner so as to provide a constant periodic rate of charge on the outstanding liability.

Depreciation

Depreciation is charged to income using the reducing balance method whereby the cost or revalued amount of an asset is written off over its estimated useful life and rates applied are in no case less than the rates prescribed by Federal Board of Revenue. Depreciation is charged from the month of acquisition or transfer of assets from capital work in progress on proportionate basis. The assets' residual values and useful lives are reviewed at each financial year end, and adjusted, if appropriate, at each balance sheet date. Depreciation is charged before month of disposal on proportionate basis.

Repairs, renewals and maintenance

Major repairs and renewals are capitalized. Normal repairs and maintenance are charged as expense when incurred. Gains or losses on disposal or retirement of assets are determined as the difference between the sale proceeds and the carrying amounts of these assets and are included in the income currently.

Finance Leases

Finance leases, which transfer to the company, substantially all the risks and benefits incidental to ownership, are capitalized at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and the reduction of lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

4.4 Stores, spares and loose tools

These are valued at moving average cost except items in transit which are valued at cost accumulated to balance sheet date.

Provision is made for any slow moving and obsolete items.

4.5 Stock-in-Trade

Raw Material	At lower of weighted average cost and net realizable value. Cost of raw material and components represents invoice value plus other charges paid thereon.
Finished goods	At lower of weighted average cost and net realizable value. Cost of finished goods comprises of prime cost and an appropriate portion of production overheads.
Waste	At net realizable value.
Work-in-process	At weighted average cost. This comprises the direct cost of raw materials, wages, and appropriate manufacturing overheads.
Stock in transit	At cost accumulated up to the balance sheet date.
Packing material	At lower of weighted average cost and net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost necessary to be incurred in order to make sale.

Provision for obsolete and slow moving stock is determined based on the management assessments regarding their future useability.

4.6 Long term loans/ Borrowings

Long term loans/ borrowings are initially recognized at cost. After initial recognition same are measured at original recorded amount less principal repayments thereof.

4.7 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for goods and services.

4.8 Foreign currency translation

Transactions in foreign currencies are initially recorded using the rates of exchange ruling at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Rupees at the exchange rates prevailing on the balance sheet date. In order to hedge its exposure to foreign exchange risks, the company enters into forward exchange contracts. Such transactions are translated at contracted rates. The company charges all exchange differences to Profit and Loss Account.

4.9 Borrowing costs

Borrowing Costs are recognised initially in fair value net of transaction costs incurred.

Borrowing cost directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets until such time the assets are substantially ready for their intended use. All other borrowing costs are charged to income in the period in which they are incurred.

4.10 Financial instruments

Recognition

All financial assets and liabilities are recognized at the time when the company becomes a party to the contractual provisions of the instrument. Any gain or loss on derecognition of the financial assets and financial liabilities are taken to profit and loss account to which it arises.

Off Setting

Financial asset and financial liability is set off and the net amount is reported in the balance sheet if the company has a legal right to set off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. Corresponding income on assets and charge on liability is also offset.

Derivatives

Derivatives that do not qualify for hedge accounting are recognized in the balance sheet at estimated fair value with corresponding effect to profit and loss. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

4.11 Cash and cash equivalents.

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of the cash flow statement, cash and cash equivalents comprise cash in hand, with banks on current and saving accounts, term deposits with maturities of three months or less and short term running finance.

4.12 Related party transactions

All transactions with related parties are carried out by the company at arm's length price using the method prescribed under the Companies Ordinance' 1984.

4.13 Revenue recognition

Revenue from sales is recognized on dispatch of goods and on performance of service

Revenue from Export Sales of Goods recognized when significant risks and rewards of ownership are transferred to buyer, this is, when shipped which coincides with date of Shipping Bill.

Gain on Sale of Fixed Assets is recorded when the title is transferred in favor of transferor.

Interest Income is recognized on a time proportioned basis using the effective rate of return.

Income from scrap is recorded on dispatch of scrap to the customers.

Rebate on export is recognized after finalization of export documents.

4.14 Trade debts & other receivables

Trade debts originated by the company are recognized and carried at the original invoice amount less an allowance for any uncollectible amounts. An estimate for a doubtful receivable is made when collection of the whole or part of the amount is no longer probable. Bad debts are written off as incurred.

4.15 Provisions

A provision is recognized in the balance sheet when the company has a legal or constructive obligation, and, as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and that a reliable estimate can be made for the amount of this obligation.

4.16 Impairment of assets

The carrying amounts of the assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount, whereby the asset is written down and that impairment losses are recognized in the profit and loss account.

4.17 Loans, advances and other receivables

Loans, advances and other receivables are recognized initially at cost, and subsequently at their amortized/residual cost.

4.18 Short term and long term loans

Short Term and Long Term Loans are recognized initially at cost and subsequently measured at amortized cost.

4.19 Post Employment Benefits - Defined Contribution Plan

The company upto June 30, 2010 was operating an un-funded gratuity scheme for its employees. Provision was made accordingly in the financial statements to cover obligations under the scheme and the Company had fully provided for the liability under the gratuity scheme as of June 30, 2010.

Effective from July 01, 2010, the company has, in place of gratuity scheme, established a recognised provident fund for its permanent employees. Equal contributions are being made in respect thereof by company and employees in accordance with the terms of the fund.

4.20 Taxation

Current Year

Provision in respect of current year's taxation is based on the method of taxation prescribed under the Income Tax Ordinance, 2001, whereby taxable income is determined and tax charged at the current rates of taxation after taking into account tax credits and rebates available, if any, or the minimum tax liability determined under Section 113 of the Income Tax Ordinance, 2001, whichever is higher.

Deferred

Deferred tax is provided using the liability method on all temporary differences at the balance sheet date, between the tax bases of assets and liabilities and their carrying amount for financial statements reporting purposes. Deferred tax liabilities are generally recognized for all temporary taxable differences.

Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantially enacted at the balance sheet date.

DEWAN FAROOQUE SPINNING MILLS LIMITED

8.1 The Company had settled with its lenders through Compromise Agreement dated December 23, 2011 against which consent decrees had been granted by the Honorable High Court of Sindh, Karachi. As per the terms, Company's short term and long term loans had been rescheduled in the form of long term loans of Rs.875.13 million which was to be repaid in six and half years from the date of restructuring with progressive mark up ranging from 6% to 14% over the period on outstanding principal. This loan is secured by way of mortgage charge over immovable properties and hypothecation of movable assets of the company. Moreover banks/financial institution have also approved further working capital limit to the Company amounting to Rs. 192.10 million by providing syndicated cash finance against pledge of stocks in proportion to their loan amounts as explained in note 12.1 to these financial statements. This has streamlined the funding requirements of the Company which has ultimately helped the management to run the operations smoothly with optimum utilization of production capacity. However, in case of default by the company the entire outstanding mark up as disclosed in the agreement will remain outstanding liability of the company and all amounts in respect of its liabilities shall become payable with immediate effect as disclosed in clause 10.2 of the Compromise Agreement of the company.
